Faculty Lowers Requirements For Graduation

The faculty at its meeting on November 10th voted to reduce graduation requirements to 144 hours plus required work in military and special lectures, for the duration of the war, or until February 1, 1945.

Dean Wilson in reporting the action of the faculty stated that the reason for this was that many of the students now in school who are following the accelerated program would, under the old hour requirement, be required to return to school for a semester or summer school in order to complete only a few hours of work which the faculty felt would not be justified under the war conditions and the demand that exists for engineers.

The faculty rule as it now stands will provide for the graduation of any student who has enrolled and stayed out a summer term before it became urgent that students follow the accelerated program. The present freshman class, the faculty felt, should follow the accelerated program and remain in school. The government has provided a loan fund to take care of their expenses during the present emergency and there is no reason why these boys could not remain in school during the summer months.

Should the war close before February 1, 1945, the faculty will consider the status of the students under the accelerated program at that time.

A.I.E.E. Hears Talk By Bennetson

The MSM branch of the AIEE met last Tuesday night in Norwood Hall. As is the usual custom at such meetings, a speaker addressed the group of Junior and Senior EE's on current industrial and scientific trends and developments.

The speaker was Wayne Bennetson, MSM '41, who is now an instructor in the Electrical Engineering department. Mr. Bennetson, who was formerly employed by RCA, described to the group various types of research and the manufacture of electrical machines. He told about the methods used to test the products manufactured by RCA and he described the precision required by the Army and Navy in approving the instruments used by these branches.

After the talk, refreshments were served. Gabriel Skitek, president of the organization, acted as chairman of the meeting.

ERC Plan Modified For MSM Students

An important change in the requirements for schools with compulsory military training whose students desire to enlist in the reserve plans of armed forces has just been received.

Students of this school who may desire to join any reserve plan of the Navy, Coast Guard, Marines, may do so without first joining the Army Enlisted Reserve as has been done previous to this time.

Any student desiring to join the Naval Reserve is advised to see the naval recruiter who visits Rolla each Tuesday from 10 A. M. to 4 P. M. at the post office if his desire is urgent. Further announcements will be made on the daily bulletin and in the Miner for the students' information.

Other students desiring to join the Marine Reserve are advised to correspond or personally contact the Marine Recruiting Station, Room 104, New Federal Building, 12th & Market, St. Louis, Mo.

The Army Enlisted Reserve Corps will now enlist only students who desire to serve in the Army. Any student who has signed Form "A" in the Office of the Dean indicating a desire to join the Naval or Marine reserve when eligible are notified that this procedure is not now necessary and are referred to paragraphs 3 and 4 above.

Details of the status of those students who are already in the Army Enlisted Reserve Corps having specified either Navy or Marine Corps is not now available. Instructions are being requested as to the disposition of these students.

Fraternity Man Of Year To Be Chosen

The Interfraternity Council held a meeting last Tuesday at the Sigma Nu House and continued to make arrangements for the choosing of the Fraternity Man of the year.

This man will be selected from the list of Seniors who will graduate in January and are members of a social Fraternity. The individual Fraternities will each select a man from their house to represent them in the contest. This list will then be turned over to the Faculty Advisers of the various Fraternities who will vote on the man who in their opinion is best suited for this honor.

The man who is chosen by this group of Faculty Advisers will then have his name placed on a plaque which is to be hung in Parker Hall. The names on this plaque will be added to as each senior class graduates. By receiving this award the honored man will be sure that his activities while at Missouri School of Mines whether they be campus or Fraternity, were greatly appreciated by his school and his fraternity.

Carnival Tickets On Sale Monday

Tickets for the Winter Carnival's dances on December 11th and 12th will be placed on sale in Parker Hall beginning on Monday, December 7th and will continue through Friday, December 11th from 12:30 to 3:00 p. m. daily.

One night ticket for either night will sell at \$3.00 per couple and the two night tickets at \$5.00 per couple. All federal and state taxes are included.

Balcony spectators tickets will sell at sixty-five cents each including all taxes.

Tickets will also be on sale at the gate.

The St. Pat's Board of Control requests that students keep in the spirit of the times by purchasing war stamp corsages for the formal ball of the Winter Carnival on December 12th.

The war stamp corsages will be made and handled exclusively by the local woman's chapter of the P. E. O. who will have the corsages on sale in Followill's Drug Store, Dec. 12 the afternoon of the formal ball. The corsages will sell at \$1.50 and all profits will go to the local chapter of the P. E. O.

STUDENTS NOTICE.

There will be a list in the lobby of Parker Hall on which those Independents who do not belong to one of the eating clubs should place their name, the name of their date for the Winter Carnival and the name of her hometown. Similar lists will be placed in the fraternity houses and eating clubs throughout the country, including repeat engagements at Illinois University, Iowa State, Virginia Polytechnical Institute, Marquette, Purdue and scores of others.

Phil Levant Appearing At Winter Carnival Had Own Orchestra At 19

Phil Levant, who brings his famous orchestra to MSM's campus for its first Winter Carnival on December 11th and 12th, was originally destined by his parents for a career as a concert violinist.

At eleven they had him dressed in Lord Fauntleroy suits, scratching long bows at the fiddle while other boys were out playing baseball.

The Levants were very much surprised, therefore when their son got a job with an orchestra at the age of fifteen—because he had a library of dance tunes.

By the time Phil was nineteen he had his own band and was playing in Chicago theatres between classes at Crane College.

His distinction as a viola soloist quickly brought his orchestra fame.

Two famous hotels, the Bismarck in Chicago and the Schroeder in Milwaukee, have been "listening to Levant" as their regular entertainment fare since 1933, an all-time record.

Phil Levant and his orchestra have been featured frequently at the larger universities and col-

General Lectures To Feature Scott

On Friday night, Henry Scott, well-known stage, screen, concert and radio artist, will perform here in the auditorium of Parker Hall.

Mr. Scott attended Syracuse University, College of Fine Arts, and since that time has progressed steadily as artist and humorist, culminating in the ambition of every artist, a successful concert at Town Hall on Sept. 26, 1941.

Last season, Mr. Scott played a six weeks engagement as featured artist and entertainer at the world famous Rainbow Room, in New York's Radio City.

He has been able to technically surpass the great Paderewski in that he is able to play 44 2-3 notes per second while Paderewski's record was 26 notes per second, according to a report from Time Magazine.

Mr. Scott entertains in an original style. His repertoire is widely acclaimed by student audiences.

The program will begin at 8:00 p. m. The admission, as usual, will be activity cards, \$.25 to student dates and faculty members and \$.50 to the general public.

ing clubs for the convenience of their members. These lists will be collected on Monday and published in the Winter Carnival issue of the MINER on Friday, Dec. 11.

PI DELTA CHI NOTICE.

Pi Delta Chi sorority will hold a meeting this afternoon at 4 o'clock at the home of Jean Lloyd.

Dean Delivers A Thanksgiving Day Address

On Thanksgiving morning at 11 o'clock, services were held in Parker Hall auditorium, especially for the students of M.S.M. The program suggested and sponsored by the Alpha Phi Omega Service fraternity, and some of its members took part in the service.

Richard Ollis, pianist for the Glee Club, opened the program with a piano prelude, "Largo", by George Frederick Handel. William A. Hubbard then presented the invocation. The audience then, led by the Glee Club, joined in the singing of the hymn, "Oh Worship the King", by Francis Joseph Hadyn. Richard D. Wheat read the Seventy-fifth Psalm as the scripture lesson, followed by a prayer by William J. Goodwin, and the Lord's Prayer by the congregation.

The Glee Club, with Mrs. I. H. Lovett directing, sang the anthem, "The Heavens are Telling", by Beethoven. Part of the second stanza was a unison duet by Blair L. Smith and Warren L. Larson. Richard Ollis was the accompanist.

The sermon was delivered by Dean Curtis L. Wilson, the subject being "The Meaning of Thanksgiving". He emphasized that Thanksgiving is a typically American holiday, and that we in America have more to be thankful for than anyone else in the world. The speaker enumerated some of the blessings we have received, our democratic government, the right of free speech, freedom of religion; our many friends. The Dean said that the true meaning of Thanksgiving is the dedication of our own life to the work under our hand with the means at hand. In America, Dean Wilson declared, we celebrate Thanksgiving, not only because of custom, but because of God's favor to America in a world fraught with suffering.

"Onward, Christian Soldiers" was sung by the audience as the closing hymn. The benediction was given by Robert Underhill and Richard Ollis played the postlude to conclude the service.

V-7 Enlistment Plan Announced

Juniors and seniors desiring to enlist in the U. S. Naval Reserve V-7 program are advised of the following enlistment procedure:

1. Submit statement from college that they are regularly enrolled.
2. Present birth certificate properly executed with signature and seal, or acceptable evidence giving date, place of birth and names of parents.

M Club Initiates 19 Men On Friday

In the characteristic manner, nineteen pledges were initiated into the M-Club Friday evening. That concluded the hectic day for the pledges, with their egg in hand and hurdle on shoulder.

The nineteen new members consist of nine football players, eight trackmen, two tennismen and a lone golfer. The football men just initiated are:

John Hazlett, Soph., Gale Fulghum, Soph., Ebert Miller, Junior, Jim Stover, Soph., Earl Kane, Junior.

Marvin Englehart, Frosh., Ray

Seabaugh, Frosh., Jack Boetjer, Junior, James McGrath, Soph.

The eight trackmen include:

Paul Carlton, Soph., John Liddell, Soph., Otho Self, Senior, John Wilms, Senior.

Edwin Blase, Soph., Arthur Peterson, Senior, Harold Webers, Soph., Glendon Jett, Junior.

The two tennis lettermen initiates are:

Gene Weber, Soph., Jim Wigge, Soph.

The lone golf letterman initiate was: Franklin Rehfield, Senior.

This select group was resoundingly paddled, but their anguished cries were quenched in brew, according to the well honored Miners tradition.

This lordly loon is giving talkie Tillie the shush-up signal. Pepsi-Cola's waiting and he's getting thirstier by the minute. And there's a drink worth getting thirsty for.

WHAT DO YOU SAY?

Send us some of your hot slang. If we use it, you get \$10. If we don't, you get a rejection slip. Mail slang to College Department, Pepsi-Cola Company, Long Island City, N. Y.

Pepsi-Cola is made only by Pepsi-Cola Co., Long Island City, N. Y.
Bottled locally by Authorized Bottlers from coast to coast.

As a MINER Sees it

Friend Allison was just doing his bit to improve the morale of the woman behind the man behind the gun—the very highest of intentions. It had been an enjoyable evening, drawing to a beautiful close with Stud escorting the beautiful damsel to her doorstep, when who should interrupt this delightful scene but her infuriated spouse, on furlough, and what a scene. Stud made like Rommel and managed to withdraw to a more distant and safer position. Result: we have another woman-hater on the campus.

That demon Requarth is on a rampage again. He, with his partner wretches Schmitz, Kadere and Haley, feeling their oats decided to turn Ye Olde Shamrockie into a barbershop. However, here was no bloodshed since the existing 2 to 1 odds were not favorable enough to Hon. seniors. However, by resorting to guerilla tactics they were able to ambush Gandhi Johnson later in the evening. It was a good sporting battle, 4 to 1, but Gandhi was tired to start with, so the fourflushing four managed to denude him of his prize whiskers. Advice to all underclassmen: No need to shave, simply travel in convoy.

Doe Mann says that if enough students will sign a petition the dean will give us a pipe organ. Has anyone got the grade-point and the courage to carry the petition in?

"Ozark" Faulkner, the backwoodsman from the swamps is reported to be on his way into this man's army. Is it true that you joined up because you can't get shells for yo' shotin irons unless you are in khaki? Away with you Sergeant York. Many were the dames who were inwardly boiling at the rough usage they got at the Harvest Dance obstacle course. My personal opinion is that these Rolla bags could stand a lot of weight loss.

Perky is doing his bit to outshine the Variety these days. That guy can really sing, no stuff. With a voice like that, why do you consider being an engineer?

Rosser has developed a technique for getting slapped. Don't let him tell you that those flaming cheeks are from blushing or from athletic activities on the football field. Don't follow the advice of the Victorian age so carefully—the practical idea is not to turn the other cheek, but to dodge. It is said that these Rolla gals develop their wallop by cutting wood for the mountain stills.

Dr. Ellison Speaks To Alpha Phi Omega

A smoker for the members and prospective pledges of Alpha Phi Omega was held on Tuesday, November 24. Principal speaker of the evening was Dr. Ellison, who gave a talk on national parks. Colored slides were shown to supplement this talk. Dr. Ellison also talked on the works of the forest rangers. The meeting ended with refreshments being served to those present.

Blue Key Elects Four Junior Men

Members of the Blue Key honor fraternity elected pledges to the fraternity at a meeting held last Tuesday night, Nov. 24. Only four new men were elected. All four of these men were Juniors.

Jim Miller, Bill Hubbard, Don Smith, and Al Dick were the men elected as pledges.

Jim Miller is a member of the Engineers Club and the Alpha Chi Sigma fraternity. He has also taken an active part in sports, lettering in football.

Bill Hubbard is a scholastic leader and a member of the Kappa Sigma and the Alpha Chi Sigma fraternities.

Don Smith belongs to Theta Tau and is a member of the Engineers' Club. He plays basketball on the varsity squad.

Al Dick belongs to the Kappa Sigma fraternity. He has played varsity football besides taking part in other campus activities.

On Tuesday of this week the Blue Key fraternity held a meeting and luncheon at the Hotel Edwin Long. Captain Doll of the military department spoke to the members.

It was announced then that the initiation of pledges will begin on Thursday, December 3, at seven o'clock. Formal initiation will be held Sunday night, December 6, at the Pennant hotel. There will be a banquet at six o'clock before the initiation.

SOPHOMORES NOTICE.

Just in case you interested, we, the great Freshman class, intend to knock hell out of you bunch of jerks this coming Saturday. The safest thing for you sophomores to do is to stay in bed Saturday. It'll be much safer there.

NOTICE.

All Sophomores interested in playing in the football game this Saturday. Be up on the football field this afternoon at 4:15 p. m. Report to Nazzoni or Catanzaro. Come on fellows, we need more men up there.

Bob Kick
Pres. Sophomore Class.

W. B. Maiden: A man picked my pocket.
Friend: What did he get?
W. B. Maiden: Practice.

V-7 ENLISTMENT Continued From Page 1

3. Present three letters of recommendation from responsible citizens written on the business stationery of the person making the recommendation. One of these letters should be from a member of the college faculty.

4. If married, he should submit affidavit signed by applicant and applicant's wife indicating that dependents will be adequately provided for while applicant is in training.

5. A resume of not less than 50 words in applicant's handwriting covering all occupational, military, or service training.

6. If a minor (under 21 years) the consent of applicant's parents or guardian.

7. Submit two photographs (head and shoulders only), one full face and one profile, size 2 1/2 x 2 1/2 inches.

The Navy Enlistment Board is scheduled to visit Missouri School of Mines on Saturday, December 12. Applicants are requested to leave their names in the Dean's Office before December 11, and to be prepared to meet the Enlistment Board on December 12.

The Enlistment Board will likewise give preliminary physical checkups to students interested in V-5 (Aviation). Such students will be advised how to complete their enlistments.

MSM Graduate Dies In Tulsa

Welborn B. Crutcher, '24, died Sunday morning at St. John's hospital, Tulsa, Okla., where he had been seriously ill for the last week. A graduate of Missouri School of Mines in civil engineering, he was at the time of his death division superintendent with the Carter Oil company of New Jersey and was stationed at Seminole, Okla. While attending M. S. M. he was a member of the Kappa Sigma fraternity, the Pipe and Bowl club, the Senior Council, and the Am. Soc. C. E. The remains were brought to Rolla for final rites and burial arriving here on Tuesday morning. Besides his widow he is survived by one son, Tommy; one brother, E. Crutcher, a former student at M. S. M.; and two sisters.

Miners Schedule 15 Game Season In Basketball

The Miner basketball team, under Coach Hafeli, has scheduled fifteen teams against whom they are going to play this season. The M. I. A. A. Conference will meet on December 5, to straighten out their various schedules.

Because of war time difficulties it is expected that the Conference teams will break up into two leagues, the winner of each league would then play to decide the basketball championship of the M. I. A. A. The Miners would have Cape Girardeau and Springfield in their league, and the other league would be composed of Maryville, Kirksville and Warrensburg.

The scheduled games so far are:

- December 11—Washington U. there.
- December 12 — Westminster, there.
- December 1—St. Louis U., there.
- December 19—Drury, here.
- January 9—Cape Girardeau, there.
- January 12—Westminster here.
- January 23—Ft. Wood, here.
- January 26—Springfield, here.
- February 6—Cape Girardeau, here.
- February 9—Springfield, there.
- February 13—Ft. Wood, there.
- February 15—Washington U., here.
- February 19—Harris Teacher's, here.
- February 24—St. Louis U., here.
- February 27—Camp Crowder, here.

Coach Hafeli has been giving "his boys" a thorough working over daily. His regulars will probably consist of Spinner, Main, Fris, Smith, Isenman, Counts, Moore, Blair, Nelson, and Perry. Three seniors, Spinner, Main, and Fris, will graduate in January, which will be a big loss to the team. Nelson and Perry are two freshmen who have been playing

INTRAMURAL Sports

(By Morris Sievert.)

The current round robin in Intramural basketball is entering its final stages, and the action throughout the past weeks has produced many close scoring contests between the various teams in their battle for the lead in the final standings.

Early last week Kappa Alpha kept its winning streak alive by topping the Freshman by a score of 27 to 16. Elsea of Kappa Alpha was high scorer of the contest with eight points. The same night saw Sigma Nu take a very close contest from the Juniors by the result of a field goal by Meyer of Sigma Nu in the closing seconds of the game. The Juniors were leading up to this point 21 to 20, but Meyer's field goal put the game on ice for Sigma Nu, and as a result the score ended in their favor 22 to 21. Carlton of Sigma Nu, and Jett of the Juniors were high scorers with seven points apiece.

Sigma Pi continued its hot pace by defeating PiKA by a score of 20 to 9. Sullivan of Sigma Pi led his team in scoring for the night by running up 8 points.

The first game on schedule for Friday night found ALT forfeiting to the Juniors. The second game of the evening brought together two unbeaten teams, Kappa Alpha and Kappa Sigma. It was a hotly battled contest with the scoring being kept close throughout the game. Kappa Alpha got off to a strong start in the first half, but Kappa Sigma kept dogging after them continually, finally winding up in a strong finish to beat the KA's 22 to 17.

Theta Kappa Phi also continued in its winning ways by downing Triangle by an overwhelming

good ball. The Coach is getting the boys rapidly into shape for that Washington game.

margin of 36 to 13. Duffner and Catanzaro were standouts for the Theta Kappas both scoring six points apiece.

The heretofore lowly Frosh went on a scoring spree and defeated ALT 43 to 15.

Monday night's Intramural schedule found Sigma Nu strengthen its position amongst the leaders by trouncing PiKA easily 26 to 14. In the second game of the evening the Juniors were defeated by Sigma Pi in a very close see-saw contest, by virtue of Schillings field goal with the clock reading seconds to go. The final score of the game was 27 to 25. This makes the second game the Juniors lost by close scores in a period of less than a week.

The obstacle course was run as an intramural sport Saturday afternoon. Dick Howell, of the Sigma Nu's proved to be the best "mudder" among the contestants as he slipped and slid through the course in 1 minute and 29.2 seconds. This was good time for the condition of the course, as the record made under good conditions, is 1 minute and 22 seconds.

Miller of the Freshmen made it a "photo-finish" with his time of 1 minute and 29.3 seconds, a scant tenth of a second short of Howell's time.

Rock of the Sophomores was third with a time of 1 minute 33.8 seconds, followed by Duke of the Kappa Sig's and Wicker of the times of 1 minute 39.9 seconds and 1 minute 40.8 seconds, respectively.

Only the best two men from each group represented were counted and the points awarded to the organizations are as follows: Sigma Nu—290; Soph—220; Frosh—175; Kappa Sig—170; Theta Kap—130; Juniors—70; and Pi .K.—60.

The intramural swimming matches will start immediately after the Christmas holidays so they will be completed before the end of the semester.

Frosh-Soph Game To Be On Dec. 5

The annual Frosh - Soph football game will be played this Sat., Dec. 5, at 2:00 p. m. on the football field. This game as scheduled by the Student Council was originally slated to be run off on the 12th of Dec., however, since many of the fellows wanted to look their best for the big occasion of the Winter Carnival, this date has been advanced to this Saturday.

The officials for the game will be Theo. H. Hoby, head official, Keith Radcliff and Mr. Kiburz. These are three of the more honest Seniors that could be found and so were picked for the task of keeping the game on the level. The Frosh coach is Jim (Lover) Glover. The Sophs have Mike Catanzaro and John Mazzoni to tell them what little they know about football. The eligibility of each player will be determined by the officials and coaches. No letterman will be allowed to play, however. This year the game will be on the level and the officials will see that all the rules are carried out.

In case some Freshman are not aware of what this game is, this game is an annual affair, the purpose of which is to determine which of the two classes are the stronger physically. All the rules of regular football will be in force. Both of the coaches have reported that they need ad-

ditional men to come out, however it is rumored that the Frosh have one of the strongest teams in years and are just waiting for this Saturday to come so they can get back at the class of 45 (?). The Sophomore turnout has been very lacking and as some freshmen said, "It looks as if the Sophs are yellow or else where in the Hell are they?"

Any Freshman or Sophomore that would like to play in the game Saturday, go up to the Athletic Field this afternoon and get a suit. DON'T LET YOUR TEAM DOWN.

Glee Club Sang On Thanksgiving

The Glee Club held practices last week twice, on Wednesday and Thursday nights. The Glee club made its second public appearance at the services in the auditorium on Thanksgiving day, when it sang "The Heavens Are Telling," by Beethoven. On Thursday night the members of the organization met at the home of Mrs. Lovett, the sponsor, to sing Christmas carols; later they had a regular rehearsal in Norwood Hall, devoting most of the time to plans for their Christmas programs. Refreshments were served at the Pennant Hotel Tavern through the courtesy of Mr. and Mrs. Lovett, and a good time was had by all.

The Glee Club will hold its next regular practice this coming Thursday, at 6:30 p. m., in Norwood Hall. All members please be present.

SIGMA PI

Have an election of officers, follow it with a Thanksgiving holiday, immediately after which is scheduled a chapter dance, and you have a rather exciting week. So was it up here on the hill last week. The newly elected officers are as follows: William Smothers, Sage; Howard Stangland, First Counselor; J. T. Shipman, Third Counselor; and John Wilms, Fourth Counselor. We in the chapter feel certain they will serve us faithfully, and thank them for the get-together they arranged for us at the Pennant the other eve.

This year's pledge dance, which was held at the chapter house Saturday night, is over. Surely though it will take a little time, the house and fellows are settling back to earth, for the tangy cider as refreshment and the lovely ladies present as guests left us all in high spirits.

The house was decorated in keeping with the western theme of the dance. The walls everywhere were covered with placards of every cowboy Hollywood ever produced. In the corners you inevitably found couples sitting on bales of hay. Above the fireplace, as in every good ranch house, hung a collection of horns. Every nail supported some kind of a "shootin' iron." Here and there rested a wagon wheel. Lightning was predominately furnished by candles stuck in bottles of various colors, sizes, shape, and vintages. The music was furnished by the Varsity Orchestra.

The lovely guests are gone, and with them are our thanks for a wonderful week-end. They were: Miss Alma Glozik, Granite City, Ill.; Miss Ruth Hiltenbrandt, Carol Mahoney, Uldine Bottom, Dorothy Elayer, Nancy Keathley, Dolores Benson, Madelyn Neely, Verna Renaud, Betty Hoeest, Joyce Ehrlicher and Yolando Hobert of St. Louis; the Misses Fran Strong, Lelia Rice, Nancy Wilson, of Columbia; and the Rolla Misses Eunice Mitchell, Marjorie Hunter, Jean Stair, Arline Comstock, Maria Johnson, and Emily Perron.

We wish to thank Professor and Mrs. D. D. Wyatt and Mr. and Mrs. Claxton Helms who so ably served as chaperones. Preceding the dance and impressive candlelight dinner was held for the guests present. On Sunday the chapter held its

Thanksgiving dinner, after which the glee club sang and Walt Proticki, our own accordion ace, thrilled the audience with his renditions of classical and popular pieces.

THETA KAPPA PHI

Theta Kappa Phi is happy to welcome pledge John Leahy back to school after his absence during which time he underwent an operation for appendicitis in St. Louis. He returned to school last Wednesday after an absence of slightly over two weeks.

Due to the short holiday given for Thanksgiving most of the members and pledges remained in Rolla for the holiday. However, Don Brice and Russel Lehman managed to journey to St. Louis for Thanksgiving with their families.

Over the week-end there were quite a few who made the trip into St. Louis. Among these were: Jack McCarthy, Bob Meiners, Bill Christman, Ed Goeteman, Bob Bearweldt, Glen Jost, and John Driscoll. These visitors to St. Louis reported that the town was still there but there was also competition from the defense workers.

Theta Kappa Phi wishes to announce the election of Junior members for the following positions: St. Pats Board, John Vorbeck; Student Council, Tom Vagenthaler; and Interfraternity Council, William Herrmann.

LAMBDA CHI

The Lambda Chi's Little Red Playhouse has endured another Harvest Dance—last Wednesday night. It was given in typical harvest-time style with overalls and blue jeans as the prominent costumes. They tell me they're still looking for the fellow who fixed the obstacle course which had to be traversed before entering the house. Our apologies folks, the tables were piled on the back porch to make room for the dancers, we don't know why you chose to climb over the coal pie and tables and through the basement in order to get into the house—Maybe someone forgot to unlock the doors. It is also rumored that there will be no confetti for the Harvest Dances of '43 and '44, because by mistake, a three year's supply of it was used last Wednesday night.

There were few out-of-town dates this year, those being Miss Marjorie Bonawits, of St. Louis; and Miss Betty Westaver, Miss Sarah Bowman and Miss Imogene Barner, all of Normandy, Mo. The Rolla dates were the Misses Mary Anderson, Jean Stair, Sue Crumpler, Mary Sands, Wanda Lee Britton, Faith Ridout, Mary Francis Higley, Eleanor Greig, Patsy Aid, Isabell Ridout, Freda, Brown, Betty Marlow, Thema Remington, Marcella Whitaker, Jean Hunter, Peggy Wilson, Betty Jo Kilgore, Mary Lee Evans, Nancy Ridout, Juanita Davis, Betty Lou Burton, Sue Enochs, Betty Freeman, Hazel Grimes, Ann Holmes, Helen Thorpe, Jo Ann Campbell, Helen Chapman, Adah Rose Cross, Betty Butler, Mary Short, Jean Lloyd and Beaufetta Wilson.

The chaperones were Mr. and Mrs. DeVeré Joslin, Mr. and Mrs. H. D. Crumpler, and Mr. and Mrs. R. H. Walker.

KAPPA ALPHA

Beta Alpha Chapter of Kappa Alpha held its annual Pledge Dance Friday night, November 27th, in honor of the new pledges. The dance, held at the Pennant,

was a big success with a number of Rolla and out-of-town dates present. The following girls attended: Jean Lloyd, Lil Carroll, Norma Jean Stair, Betty Burton, Betty Jo Kilgore, Emmy Lou Dake, Harriet Milsted, Freda Brown, Maxine Houlahan, Betty Pohle, Avis Miller, Faith Rideout, Leomae Willeford, Susan Heimberger, and Dessie Layton of Rolla; Carolyn Carter, Gladys Seaton, and Martha Lou Powell of Springfield, Mo.; and Merrily Thielecke of Cuba, Mo. Guests at the dance were Col. and Mrs. C. L. Woods of Rolla, and Mr. Hartig of St. Louis.

Prof. and Mrs. D. D. Wyatt and Prof. and Mrs. C. W. Doughan were Chaperones

The chapter is glad to announce the pledging of Dick Hartig, '46 from St. Louis.

Jimmy Lydon in
"HENRY ALDRICH FOR PRESIDENT"

What kind of Future should a man prepare for?

One thing is certain. The future is going to be very different.

Now, as you finish your training, many of you with your war participation fully determined, the future of peacetime seems very remote.

It is a bridge we're all going to have to cross when we come to it. Nobody knows exactly what it will look like. But we do know that what lies on the other side will be largely what all of us together make it.

Even now, responsible men in industry are thinking how to make jobs for the men coming back from the services, and for the men now in war applications. It will be done by dreaming up new things to make, and new ways to make old things better.

This is being done by a combination of imagination and engineering, industry by

industry. Here at Alcoa Aluminum we call it Imagineering. It is the thing that made our company the leader in its industry—that got aluminum ready to do the great job it is doing in this war. All our people practice Imagineering, as second nature, whether they are called engineers, or salesmen, or production men, or research men.

The future isn't going to be made out of laws, or pacts, or political shibboleths. The only kind of future worth having will come out of freedom to produce, and out of the Imagineering of men who make the things that civilization rests on.

If we could go back to college again, we would get ready to be an Imagineer, in whatever particular field our interests lay. The opportunity for young men with imagination is going to be unparalleled.

A PARENTHETICAL ASIDE: FROM THE AUTOBIOGRAPHY OF

ALCOA ALUMINUM

• This message is printed by Aluminum Company of America to help people to understand what we do and what sort of men make aluminum grow in usefulness.
